

Daniel Miranda

JUNIOR SOFTWARE ENGINEER

OBJECTIVE

To obtain a position as a Junior Software Engineer, where I can apply my technical skills, problem-solving abilities, and eagerness to learn and contribute to the team's success and the development of innovative software solutions

EXPERIENCE

TEAM MEMBER

Tim Hortons - Concord, Ontario
Jan 2023 – Nov 2023

- Pleasantly greeted customers and addressing their concerns.
- Work effectively as part of a team, communicating and collaborating with other staff members to ensure excellence.
- Handle cash and credit transactions, including making changes and operating a cash register.

ENGINEERING COORDINATOR

Department of Public Works and Highways - Philippines
Jan 2020 – Sep 2022

- Conducted field surveys, inspections, and assessments to gather data and ensure compliance with engineering standards, codes, and regulations.
- Prepared technical reports, progress updates, and documentation for project records, ensuring accuracy and completeness.
- Collaborated with cross-functional teams, including engineers, architects, and contractors to ensure effective communication and coordination throughout project execution.

ADMINISTRATIVE ASSISTANT

Department of Public Works and Highways - Philippines
Aug 2018 – Dec 2020

- Prepared and edited official correspondence, reports, and presentations, ensuring accuracy, clarity, and adherence to guidelines and formatting standards.
- Collaborated with colleagues on shared documents and files using document management systems like SharePoint or Google Drive, facilitating seamless collaboration and document version control.

HOBBIES

In my free time, I enjoy staying active and engaged through sports. You can often find me on the basketball, badminton, or tennis court, enjoying a friendly but competitive game
